

Benefits of Cordstrap® Dunnage Bags

- **Secure;** Cordstrap® Dunnage Bags prevent movement during transportation of goods inside export containers, railcars, and trucks.
- **Efficient and economical;** Cordstrap® Dunnage Bags are a fast, cost-effective alternative to expense treated or fumigated wood blocking & bracing.
- **AAR approved;** Cordstrap® Dunnage Bags are approved by the Association of American Railroads.
- **Environmentally friendly;** When used correctly, Dunnage Bags are re-usable, providing further costs savings while protecting the environment. They are an environmentally safe alternative to harmful materials like polystyrene sheets. The components of the Dunnage Bags can be easily separated and recycled.
